IDSystems continually strive to develop its products and therefore reserves the right to change or modify the design or finish of individual components at any time without notice in the interests of product development or if required by law or good industry practice. Unless the alteration is material You will not be entitled to cancel the Contract.

In addition, any variations, may also affect the Lead Time.
- 5.13. We cannot accept the return or rejection of tailor-made Goods if the reason for the return or rejection is because You provided IDSystems with incorrect measurements. However, this will not affect your legal rights, if You are purchasing as a consumer, in relation to tailor-made Goods that are faulty or not as described. Advice about your legal rights is available at your local Citizen's Advice Bureau or Trading Standards office.
- 5.14. IDSystems are not responsible for verifying the suitability or appropriateness of any Goods ordered.
